

June 2026 PRAYER REQUESTS

Client

- As summer approaches, we see an increase in appointments and clients. Please pray for clients to feel welcome and to be receptive to the hope of Jesus.

Donor

- Several donors are facing very difficult health diagnoses. We know that our God is the Great Physician. Please keep these individuals and their families in your prayers this month as they have treatments, appointments, and face difficult decisions.

Staff

- Continue to pray for our Staff Team that as we meet the vulnerable of Central Iowa, that God be glorified in all we do.

Volunteer

- One of our volunteers faces difficult decisions coming with the declining health of her father-in-law. We rejoice because he is a man of deep faith in Jesus Christ and will soon be fully healed in Heaven. Please pray for comfort for this volunteer and her family as they face difficult days ahead and that they may draw even closer to Jesus because of the faith demonstrated by her father-in-law.

June 2026 PRAISES

- A new client came to the clinic for pregnancy testing... positive. She told our nurses she planned to terminate. The people in her life were encouraging her to choose abortion. This client called us back the next week and- praise Jesus- she wanted to set up an ultrasound and shared that she has chosen LIFE!
- Thursday, May 7th, was National Day of Prayer. AGAPE was honored to send a few team members to the Capitol Building to participate in praying for our city, state, and country.
- An AGAPE staff member's close cousin has chosen to take a gap year after high school and serve as a missionary in Abaco! We praise Jesus for her faith and desire to serve others.
- This past month we had ten client-facing events in our Family Community Center. We praise Jesus for this and that at each one we had the opportunity to pray with clients individually and/or as a group.
- We are thankful to have had another year of weekly Bible Studies for our Spanish speaking population before we pause for the summer. We praise Jesus for everyone that attended and pray that for those considering attending, they would feel welcomed to attend starting back in August!
